QUESTION.

ANSWER.

Date:— 3rd November 1933.

With reference to your report No. 444, I shall be glad to learn what arrangements have been made for carrying out the Boiler Survey which became due last April.

I shall also be glad to learn the Owners intentions regarding the carrying out of the screwshaft survey which will become due at the end of this month.

*Coy*

In reply to your memo of the 6th September last regarding the Surveys now over-due on the above steamer, The Owner's now advise me that they do not wish to continue the Classification on this vessel, and do not wish Surveys now overdue to be held, as she will not be re-Classed.

During the last three years, this vessel has been laid up for very long periods owing to the Shipping trade in this district being in a very unsettled state.
