14th of October

1910

M.

The Secretary.

London.

Sir.

I have forwarded to day the first entry report on Messrs van Vliet's No' 82, which steamer will be further finished at Dundee and Middlesbrough, the approved plans have also been forwarded for reference, but I shall be glad, if you will be good enough to return same, as soon as the vessel shall have been completed, as we will require them for the S.S. No' 86, the building of which has now just been commenced.

As soon as the tonnage particulars are known we shall be glad to receive particulars of same, in order to render our account to the builders.

You will further notice that a new plan showing the pipe arrangements in hold for the No' 82 has been forwarded, as some alterations were made in same by the Board of Trade, the first plan approved will however be followed for the No' 86.

I am Sir.

Your Obedient servant.

Total number of plans sent = seven.
