71, Fenchurch Street, E.C.

19th December, 1910.

Gentlemen,

E I have to acquaint you that I am informed by the Society's Surveyors at Middlesbrough that in the case of the new Steamer "LONDON QUEEN" it is understood the sea connections were fitted at Dundee where the vessel was placed in dry dock, and I have to request that you will state, if you are in a position to do so, whether the blow off cocks are fitted with a spigot and brass covering plate and also give the dates of examination of completion of fitting of sea connections.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,
DUNDEE.
