Dear Sir,

In reply to your letter of the 13th instant, regarding the Registered Dimensions of the S.S. "RAJAHSTAN", I have to state that the Registered Dimensions of this vessel are 425.9 x 57.0 x 29.6. These figures were correctly given on the launching form and the Freeboard Report.

When filling in the First Entry the modified dimensions for tonnage co-efficient were entered instead of the proper Registered Dimensions indicated above.

I very much regret this error.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LONDON.
