Vessel's Name: SS "ISO VIGA" EX TAARNHOLM

We beg to acknowledge receipt of your telegram received on the 16th June reading as follows:-
.

In confirmation of our telephone conversation with Mr. Jordan on Saturday morning, we have to inform you that the vessel left Copenhagen for Italy via ports in France & Spain on Saturday 16th June.

We have today forwarded a report on the condition of the vessel after a comprehensive general examination in dry dock. In our opinion the special survey could be deferred until December provided the vessel's service from the end of September to December was confined to the Mediterranean. The Condition is such that we do not feel justified in recommending a general service in the winter months.

In order to allow the vessel to proceed to Italy an interim certificate was issued together with a provisional freeboard certificate valid to the end of September & the Owners representative was informed that they would be advised from London as to whether the extension to December with the restricted service could be agreed to by the Committee.
