The Second Special Survey No.2, which became due in July 1923, has been partly carried out, but the Owners now state that as the vessel is only engaged in the Coasting and Far Eastern Trades it is not desired to maintain her in the Society's classification.

The Kobe Surveyors, in a letter dated 2nd ultimo, state that they understand the steamer has now been classed with the British Corporation and the Teikoku Kaiji Kyokai.

In the circumstances the Classing Committee, who had the case before them on Friday, 5th instant, decided to give instructions for the vessel's character to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

11th September, 1924.
