21st September, 1923.

Dear Sirs,

I am in receipt of your letter of the 11th instant, with its enclosure, respecting the steam drifter "FLAME" now "UBEROUS" and in reply I have to say that, in view of the examination of the screwshaft of this vessel made by Mr. Gow at Anstruther in August, 1922, the Committee will not insist on the survey of the shaft being carried out for the present. I shall be glad if you will inform the Owner accordingly.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,

LEITH.
