REC'D 24 NOV 1922

Fiume, 20th November 1922

Via Pomerio No. 23/l.

ANSW.

Dear Sir,

With further reference to my letter of the 18th May last regarding the steamer "SLAVIJA", I beg to enclose herewith the reports on this vessel. The first entry report for hull has been completely filled up instead of entering only the missing dates, and this for simplicity. As regard the machinery the size of the propeller and screw shaft missing in the first entry, have been forwarded to London as per Fiu. letter dated 16th October last.

I may add that this vessel since she started the special survey for classification in this Society, January last, has always been laid up, and the boiler has been used only for adjusting the safety valves, therefore the Owners propose that the record of s.s. No.3 may be postponed with the date of last survey, viz 11-22 which proposale is submitted for favourable consideration of the Committee.

I am, Dear Sir,
Yours faithfully,

The Secretary
