1 plan enclosed.

14th February, 1923.

Dear Sirs,

S.S. No. 115.

I duly received your letter of the 5th instant enclosing a plan of Framing Profile of the above vessel and in regard thereto I am desirous to state that, as already intimated, the Committee will accept this vessel as constructed for the class A- "For Service in Brisbane Harbour and Bay", provided the alterations be carried out in accordance with the plans already submitted.

In these circumstances, the plan now forwarded has been considered only in respect of the alteration of watertight bulkheads, and in this respect will be approved.

After noting, kindly forward the plan to the Society's Surveyor at Dundee.

I am, Dear Sirs,

Yours faithfully,

Messrs. Coaster Construction Co. Ltd.,  
MONTROSE.
