The Second Special Survey No.1, which became due on this vessel in September, 1934, has been partly held, and, the ship being laid up, the usual undertaking has been duly furnished.

The Society's Surveyors at Marseilles now forward a letter from the Owners stating that the vessel will shortly be handed over to another firm of Shipowners at that port, who do not desire to retain this Society's classification, the vessel having now been classed with the Bureau Veritas.

The year of grace expired in September last.

The Classing Committee had the case before them on Friday, 10th instant, when they decided to give instructions over to another firm for the vessel's character to be expunged from the Register Book with a Red Line (1,36), indicating non-compliance with the Society's Rules.

16th January, 1936.
