

"KITTERN"  
**COPY**

# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

28th August, 1947.

Dear sir,

S.

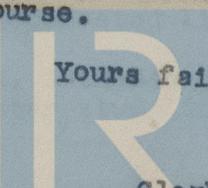

I am in receipt of your letter of the 21st instant, respecting the steamer "KITTERN" and in reply have to inform you that the figure '1' for the equipment will be assigned, as desired by the Owners, provided the two bower anchors, stream anchor and 75 fathoms of 1 - 2/16" diameter chain cable now supplied have been tested as required by the Rules (the particulars of test should be noted in the appropriate space in your report) and provided an additional 15 fathoms of 1 - 2/16" diameter chain cable be supplied.

With regard to the markings found on the 3rd bower anchor and 105 fathoms of chain cable it would appear that these items are part of the ship's original equipment, and duplicate certificates for this anchor and cable will be forwarded to you in due course.

Yours faithfully,

S. A. Eide, Esq.,

BERGEN.
