Rouen, 21st April 1926

Reference

H.

Dear Sir,

With further reference to your letter dated the 31st ult. regarding the equipment for the vessel "DIVONA", I have to advise you that the Owners state that the chain cable was placed on board this vessel on the 18th Feb., but by error the length of cable was tested in Havre by the Bureau Veritas, the certificate of which the Owners have now got, and under the circumstances are anxious to know if the Committee could accept this after verification.

I am, Dear Sir,

Yours faithfully,

Norman Kirkley
