17th of August, 1962.

Telephone Nos. 95861 & 75112

Dear Sir,

M.S. "LAUT MAS"

We thank you for your Memorandum of the 26th of July 1962 (Ref.R), regarding the Special Survey which is due at the end of next month, September, and beg to advise you that the Owners have requested - on account of the present heavy trading commitments - a deferment of the Special Survey until September 1963 (12 months).

It is anticipated that the Ship will be dry-docked at the end of next month, for the necessary General Examination to be carried out.

No records of the Machinery Surveys were left with the Ship at the time of purchase last year, and the Owner's requested a list of the machinery items that remain to be examined to complete the present CS cycle, which we trust you will kindly forward to this Office.

We shall be pleased to learn if you approve of the foregoing proposals.

Yours faithfully,

J.A. Bostor.

FOR THE SURVEYORS.

The Secretary,
L O N D O N.
