Dear Sir,

S.S. "BUNYO MARU"

With reference to your classing letter dated August 31st and with particular regard to your query in connection with the bottom shell riveting, we would advise you that, in our opinion this is both satisfactory and efficient at the present time. It is however, felt that particular attention will require to be paid to this item during drydocking surveys and replacements made as and when found necessary.

Yours faithfully,

*Stephen J. ...*
