j	Magnetic couplings	s	Navigation light indicators
k	Air gap		

PARTICULARS OF DEFECTS, REPAIRS, ALTERATIONS, ETC.

NOW DONE Screwshaft survey now carried out and Boiler Survey completed (Please see also Greenock Report No. 27167).

This ship has been laid up in the East India Harbour of this Port since the date of the last Report.

The boiler was generally examined internally and found to have been maintained in good condition.

CHANGE OF OWNERSHIP

This ship has been sold to:-

Constantine Skouras,
12 Gounari Street,
PIRAEUS.

WEAR & TEAR REPAIRS

Propeller returned to Makers for fairing of blade tips and dressing up of trailing edges which were found to be slightly torn. Propeller now refitted.

The reason for repairs must be stated and those on account of damage, the alleged cause of which must be given, should be detailed separately from wear and tear repairs. State what action has been taken regarding items which are subjects of class. State also where appropriate, for the information of the Technical Records Dept., the material of the defective item and whether it is a forging, casting or welded fabrication. Any alterations in existing particulars in the Register Book should be reported above.
