Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

8th September, 1947.

Dear Sirs,

With reference to your letter of the 12th ultimo respecting the "MARINIER" and "MARLEEN", I have to inform you that the 2" Hatch Covers will be approved in this case and that the scantlings and arrangements have been examined and, provided items 1 to 4 in your letter are satisfactorily complied with, they will be approved for the proposed service recommended by the Netherlands Authorities, viz:- Black Sea, Red Sea, European and North-West African Coasting including the Azores, with a summer freeboard of 183 cms.

It is considered, however, that the European Coasting Service North of Latitude 60 degrees North should be limited to the summer months.

Yours faithfully,

The Surveyors,
ROTTERDAM.
