Enclosure.

30th November, 1960.

Classn(S)  
RNC

Dear Sirs,

Steamer "DANAE"

I acknowledge the receipt of your letter of the 25th instant and am much obliged to you for the information now furnished.

For your information and guidance I enclose a copy of communication which was sent to the Aden Surveyor on 21st instant to which he has replied that the vessel was not drydocked while at his port.

The class, therefore, remains suspended until the General Examination, for postponement of the Special Survey until March, 1961, has been completed by the examination of the vessel in drydock. The overdue Boiler Survey also requires to be held.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
SUEZ.
