Received by Chief Engineer Surveyor.....

Received from Chief Engineer Surveyor.....

SHIP'S NAME..... TRITON MARIS

REPORT.....

Hav.

10025

Rot

No. 47154

ABS due 4.59, now held.

Docking. Some ice damage sustained to propeller and propeller blade tips satisfactorily repaired. The tailshaft drawn and examined, found cracked circumferentially at top of cone, and new spare shaft satisfactorily fitted.

IT IS SUBMITTED this vessel is eligible to remain as classed, with fresh records of ABS 3.59 and TS (CL) N 4.59
