Dear Sirs:

Steamer "BRISSAC"

In accordance with a request received from the previous owners through our Head Office in London, I have to confirm that this ship maintains class 100 A.1. Oil Tanker with the following survey records:

Drilling Special Survey	1-57
Last Drydocking	1-59
Continuous Survey of Oil Engines	1-57
Main Boiler Survey	1-59
Tailshaft seen	1-57
Steam Pipe Survey	1-59

This ship is reported as having been examined by the Society's Surveyors at Bergen early this month, but the report on this examination has not yet been submitted to the Committee. It is understood, however, that a fresh record of screwshaft seen 9-59 is being recommended as a result of the survey in question.

Yours very truly,

Secretary
