The Boiler Survey became due on this vessel in February last.

In reply to enquiry the Owners now write to the effect that as the boilers of this vessel are now under the inspection of the Register of the U.S.S.R., they no longer require this Society's class.

The classing Committee had the case before them on Friday, the 26th ultimo, when in the circumstances they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
