S.S.2nd No.3-4,27 BS.6,31  
Cargo battens not fitted. TS (CL.N) 6,30.

-----

The Third Special Survey No.1, which became due on this vessel in April of last year, has been partly held by the examination of the bottom and rudder, sea connections and fastenings, and the verification of the freeboard.

On the 8th instant the Classing Committee agreed to a proposal to complete the survey before the vessel again proceeded to sea in two or three months' time (she being then laid up at Solvesborg) on the understanding that the Owners furnished the usual undertaking.

In reply, the Owners now write that it has been decided to transfer the vessel's class to the Bureau Veritas.

The Classing Committee had the case before them on Tuesday, 19th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

*J. P.*  
21st April, 1932.
