

s.s. "EMIL R. BOMAN"

This vessel has been surveyed by the Grimsby Surveyors, and they now forward a certificate form which they have been asked to complete by the Statens Fartygsinspektion of Sundsvall, Sweden, and request instructions.

The certificate form in question has been examined and is found to be the one which the Society's Surveyors have been authorised to sign in accordance with the provisions of the Swedish Shipping Law, as given in Section 244, page 119, of the "Instructions to Surveyors", and it is submitted the attention of the Surveyors be called to this paragraph and they be instructed to be guided accordingly. The form should be returned to them.
