The Secretary,
LONDON

Dear Sir,

Reverting to your letter of the 6th instant respecting the Steam Tanker "LISS", we beg to acquaint you that we have been approached by the Owners with an enquiry as to whether the classification of the boilers of this vessel might be continued, subject to annual surveys as required by the Rules, in spite of the fact that the hull and machinery class will be withdrawn.

We shall be glad to learn what reply should be given to the Owners, and may add that they would be much obliged if they could be furnished with detailed particulars regarding the outstanding boiler repairs.

Yours faithfully,

THE SURVEYORS,
