Dear Sir,

Laasn(S)
EJB

Transversely Framed Tanker "LISS"

I have to inform you that upon receipt of your letter of the 13th ultimo, the necessary instructions were sent to this Society's Surveyors at Bremen. A reply has now come to hand from them stating they have been informed by the Owners' Superintendent that the vessel will be temporarily laid up at the Yard of Messrs. A. G. Weser pending a further decision by the Owners.

The case has received the consideration of the Committee at their Meeting to-day, and in the circumstances it has been decided to suspend the vessel's class in the meantime by the insertion of a notation of "Class suspended pending stiffening" in the Society's Register Book, and I shall be glad if you will inform the Owners accordingly.

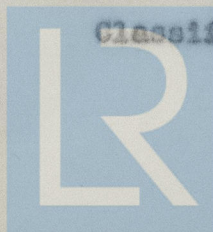

At the same time, however, you should point out to them that this action is only a temporary measure, and that when the Society's requirements have been satisfactorily complied with, the case will be again submitted to the Committee with a view to the suspension being lifted.

Yours faithfully,

Copies sent Brn.
& McMillan Hamburg.

Clerk to the
Classification Committee.
