

S.S. LISS

Date of Build 1921/8

Tanker Over 30 years of age with

Notation "Carrying Petroleum in Bulk

Reference Circ. 1994/Hull

From the plans available in this Office it does not appear that there are any undesirable spaces situated immediately above the cargo tanks.

There is no information regarding the ventilation details and it would be necessary for the vessel to be surveyed as set out in the above circ. for information on this point. At the same time the absence of undesirable spaces above the tank deck might be confirmed in cases alterations have been made since the date of build.

Lph

7th October 1953.
