

nwe 57167.
nwb 5894.

ss. Carrington Court.

Before this case receives the consideration of the Committee, it is submitted the Newcastle Surveyors be requested to give the dates of the examination of the engine & boiler settings, & also to state whether the screw shaft tunnel is watertight. as these items have been omitted in their report. also A.H.D.

In addition to the above, the Surveyors 17.8.07. should also state what record of Survey they recommend.

Lr: - 17/8
