ie..... s.s. "CANADIAN OBSERVER"..... No..... in R.B.

8, - 1945..... Tonnage..... Owners.....

..... Port of Registry.....

certificate copies 21.9.58

..... Last docking date..... 5,57.....

ue Special Survey due 9,57 - commenced Montreal 5,57. Record Mtl. 5,57 on completion. It appears from Montreal report 7 that the requirements of a G.E. have been complied with. Boiler Survey due 6,58. Hull subject - see endorsement 24.1.58.

to be.....

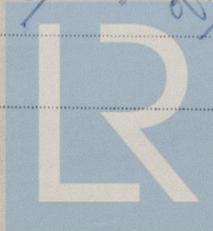

he Montreal Surveyors reported on January, 19th that as sly intimated this vessel is strike bound at Halifax and ers are not in a position to state when the Special Survey airs will be completed. t was confirmed on the 19th June that the position is ed.

eyors' recommendations.....

and notation of 'SS Mtl 5:57'
Submitted Action to be deferred
until 9.58 for completion

IT IS FURTHER SUBMITTED the MONTREAL Surveyors be advised it is concluded that all D.B. tanks and cofferdam, fore and after peak tanks and the starboard O.F. bunker and settling tanks were examined externally for S.S, as it would appear this has been omitted from their report-refer Mtl.Rpt.No.11617 but this should be confirmed.
