

7th April, 1949.

Dear Sirs,

I have to inform you that consequent upon the change of name of the "WESTBRIS" to "OTIS" and Port of Registry to Gothenburg, it will be necessary for the Load Line Certificates to be amended accordingly.

It is understood that this will probably be dealt with at your port shortly, and I shall therefore be glad if you will give the matter your attention, advising me when the case is in order.

Yours faithfully,
