INTERNATIONAL CONVENTION 1930 RESPECTING
LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH
ART. 14 OF THE CONVENTION.

(Port) SÖLVESBORG

(Date) 12th June, 1945.

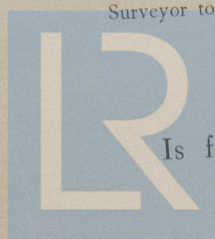

I have to report that I have surveyed the
m.t. "WESTBRI S" of Stockholm O.N. 8117
this date.

I have compared the arrangements on board the ship with
those given in the original freeboard report and I have found them to be
in agreement therewith or equivalent thereto, and the whole to be in efficient
condition.

Vessel examined afloat as far as practicable, also fittings
and appliances for protection of openings examined and found in order.
Closing appliances:- Forecastle - Hinged steel doors.
Poop - No openings.

The freeboard marking has been verified and found to agree
with the freeboards given on certificate No. - dated 1st July, 1943
which is returned herewith.
