Dear Sir,

Re.: Steam Trawler "MERKURY", No. 35369

In reply to your letter concerning the above vessel I regret that no further particulars are available about the kedg anchor on board.

As no valuable certificates for the equipment were on board it was recommended, certificates to be obtained. The chaincable has been retested for the purpose, but by misunderstanding the existing kedg appeared not to be sent up. The weight (170 kg) has at least been ascertained.

I apologize for the delay in answering.

Yours faithfully,

The Secretary,
LONDON.
