Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

Enclosure.

30th October, 1950.

Dear Sir,

I enclose a list setting forth details of outstanding and in-complete surveys of certain vessels owned by various Polish Firms and I shall be obliged if you will kindly let me know whether there is any likelihood of the Classification of these vessels being maintained in the Society's Register Book. If so, it would be very much appreciated if you would endeavour to ascertain and let me know the Owners' intentions regarding the carrying out of the outstanding surveys with a view to maintenance of class, otherwise instructions will require to be given for the classes of the vessels concerned to be deleted from the Register Book.

The following Polish vessels, which are also classed in the Society's Register Book, are not yet due for periodical survey, but I would further be glad to receive your remarks regarding the retention of their classification, viz:-

Steam trawler "JOWISZ"
Steam trawler "SATURS"
Steam trawler "SATURNIA"
Motor fishing vessel "URANIA"

Yours faithfully,

Clerk to the
Classification Committee.
