ENCL.

18th August, 1924.

Dear Sir,

I return herewith the plan forwarded with your letter of the 17th instant, of the pumping arrangements of the Steamer "CAIRNROCK", and shall be glad if you will state whether, in view of the fact that the fore and after peaks are not intended to be used for water ballast, the donkey pump discharge pipes to the peaks have been fitted as shown on the plan.

I shall be glad if you will return the plan with your reply.

I am, Dear Sir,

Yours faithfully,

Secretary.

Mr. A. E. Farminer,

IPSWICH.
