LONDON

Dear Sir,

In reply to your letter of the 8th instant respecting the steel tug "CAIRNROCK", London (IPS.) Report No. 88044, I have to inform you that I have not had an approved plan of the pumping arrangements of this vessel

I have been in communication with the Engine builders, and given to understand that they supplied a plan of their pumping arrangements to the shipbuilder, and the plan was being submitted by them for approval.

The engine builders have been asked to send a copy of their pumping arrangements to this office, which will be forwarded on to you as soon as received.

I am, Dear Sir,

Yours faithfully,

A. E. Farminer.

The Secretary,
