

Motorship "SEPIA" (now nameless)

Special Survey due 3,57 - postponement to 3,58. approved.

DBS due 3,58.

Last date of Docking Survey 3,57.

Shell Tankers Ltd. informed this Office in March 1958 that the ship was being used as a hulk at Ornskoldsvik, and the Committee gave instructions for the notation "Now a hulk - Class suspended 3,58." to be recorded.

In September Shell Tankers Ltd. informed this Office that the ship had been sold to Messrs. Mo och Domsjo A/B., of Ornskoldsvik.

In reply to enquiry the Stockholm Surveyors confirm the change of ownership, and state the ship is being used for storage purposes .

In accordance with an agreement with the previous Owners, the name "SEPIA" must no longer be used, and as the ship is not registered and is not in commission, no new name has been given. Having regard to the contents of the attached memo dated 12th December, 1958, instructions are sought as to what action should now be taken.
