Date entry made in RFB.

Surveyor's Initials.

I have surveyed the above ship in accordance with the Rules for Docking Survey and Damages

stated to have been sustained by:-

- 1) Contact with the quay wall when leaving Whitehaven Dock on the 28th February, 1962 and
- 2 & 3) Causes and dates unknown.

The items now surveyed are detailed on this report. All were found or placed in good condition unless otherwise stated.

Damage 1 (In way of forecastle side plating p.s.f.)

- No.1 Forecastle sheerstrake plate indented, released and faired in place.
 - Forecastle head fashion plate badly buckled and torn, cropped and part renewed and part faired in place.
 - Solid half round cope in way cropped and part renewed together with top rail bar.
 - Mooring pipe with doubler removed and refitted.
 - Handrails and stanchions removed for access and refitted.
 - 2 Forecastle deck stringer plates locally buckled now cropped and welded insert plates fitted - buckled stringer angle in way cropped and part renewed.
 - Buckled forecastle head breasthook removed, faired and refitted.
- A satisfactory hose test was carried out on completion of repairs.

P.T.O.

I recommend that this ship remain as classed with/without fresh record of dry docking 11,62 without condition.

(Where conditions of class are recommended to be retained, imposed, amended or deleted, particulars must be stated above and on the interim certificate.)

Date of Committee

GLASGOW 8 DEC 1962

Minute

See minute on Glasgow Report N° 94156.

action taken or recommended should be described fully under "defects & repairs". When any part has been subjected to pressure test this should be stated.

date of the next Special Survey. Where repairs have been effected or it is considered that re-examination or repairs should be made before that date the circumstances and

The condition of any item is to be described as "good" only when it has been examined, found or placed in good condition and is considered to be acceptable until the due date of the next Special Survey.

400,1,62 (MADE AND PRINTED IN ENGLAND)
 21.12.62

Damage 2 (S.R. List Item No.2 keel plate from aft)

No.2 keel plate found to be indented between floors.

In order to avoid the necessity of the removal of main engine for access to this/a^{plate} substantial full length and full width welded doubling plate was fitted after special examination of riveting and verification of plate thickness together with an examination, so far as practicable, of the structure under engine. A satisfactory flood test of engine room was carried out on completion and it is submitted that this repair may be regarded as permanent and the reference to No.2 keel plate from aft may be deleted from the S.R. List.

Damage 3 (In way of shell plate B.3 (s.s.a.)

Shell plate No.3 from aft in 'B' strake found to be sharply indented locally between floors.

Plate now released and faired in place.

No.2 D.B. (s.s.) tested satisfactorily on completion.

Wear and Tear Repairs effected.

A few leaking shell rivets in way of fore peak (s.s.) made good.

A few repairs of minor character also effected.

S.R. List (Deletion) 1. Keel plate No2. from aft now dealt with under Damage 2 see above.

2. Fore peak bulkhead specially examined under pressure to Rule requirements and found sound and tight. It is submitted that this item may be deleted from the S.R. List.

S.R.L. Appendix:- Indented shell plates G.1 and 2 (p.s.f.) and set up keel and 'A' strake landing (p.s.) specially examined, found to continue efficient and no repairs effected.

Addition: Nos. 1 and 2 poop sheerstrake plates (p.s. from aft) noted to be indented between frames, at this time. It is submitted that repairs may be effected at Owners convenience.

Machinery

Propeller and outside fastenings examined and found satisfactory and oil gland tight.

PARTICULARS OF DEFECTS, REPAIRS, ALTERATIONS, ETC. The reason for repairs must be stated and repairs on account of damage, the alleged cause of which must be given, should be detailed separately from wear and tear repairs and, besides being detailed above, should be noted in the following summary. *State what action has been taken regarding items which are subjects of class or in SRL Appendix, whether outstanding or new.* Any alterations in existing particulars in the Register Book should also be reported above.
