PARIS, 3rd February 1930

LLOYD'S REGISTER OF SHIPPING  
Paris.

Dear Sirs,

S/S. "VENDETAIRE"

Our Superintendent, Mr. Codet, advises us from Hamburg that the Hull and Machinery certificates do not exist yet on board. We should be much obliged if you would kindly do the necessary for these documents being delivered without delay to the Master who will leave Hamburg on the 10th instant.

On the other hand, we think that before that date, you will have received a reply from London respecting the alteration to the freeboard and that you have given your Hamburg Surveyor the necessary instructions in order that this freeboard be raised of 7", this being the difference which exists with the freeboard of our steamer "FRIMAIRE".

Thanking you in anticipation,

We are,....

Sgd. Le Secrétaire-Général.

Illegible.
