

## FREEBOARD REPORT on the

*Edwin B. De Golia*

It is submitted the N.Y.K. office be informed it is noted from the Mobile Surveyors Rpt 8 1697 that a summer freeboard of  $4-7\frac{1}{4}$  has been assigned, the record in the Register Book being  $5-5$  as assigned by this Society in 1917.

It is also noted that a load line inspection has now been held and the reports and verification forms were reported to be attached to the survey report but have not yet reached this office.

The N.Y.K. office should advise this office whether freeboards have now been assigned by this Society if not particulars of those assigned by the American Bureau should be forwarded in order that the record of freeboard & draught may be amended in the Register Book.
