GENERAL REMARKS—(continued). have been verified.

Beckels have been fitted at the heel of the hatch end pillars, and wood latches fitted in angle frames have been fitted to the manhole cover on the tank top as per Secretari's letter dated 2<sup>nd</sup> June.

The Anchor Cables have been examined by the British Corporation Surveyors and the certificate endorsed by them. The marks, however, on all the anchors and those on the outer lengths of the cable have been compared with the certificate and found in order. (as per Secretari's letter dated 28<sup>th</sup> May 1919)

The Steam and Hand Steering Gear, Windlass, and Winches have been tested under steam and found in good working condition.

The decks and shaft tunnel have been tested by hose with satisfactory results. The fireboard assigned has been marked on the vessel's side and verified, and the Builders state that the assignment letter issued by the British Corporation has been returned. The certificates were not handed to the Builders by them.

A letter received from the Principal Surveyor to the British Corporation at this port, together with copies of the Midship Section, and Profile and deck plans of the vessel as built are forwarded herewith for reference in dealing with the case.

*R. D. Uprie*

PARTICULARS FOR RECORD in the REGISTER BOOK.—Length of Poop 33.0 ft., R.Q.D. ☒ ft., Bridge 98.0 ft., Forecastle 28.6 ft. (in feet and tenths). When the Poop is joined to the B.D., this should be distinctly stated ☒

No. and Material of Decks (if Iron or Steel) and whether wholly or partially covered with wood, and No. of tiers of Beams (this information is to be given as should appear in the Register Book) 1 D<sup>ce</sup> (Ste.)

Official No. 143276; Signal Letters

State if Machinery is fitted aft ☒

How are the surfaces preserved from oxidation? Inside

Paint. Cement in way of 2-1/2 spaces in double bottom. Beams flaked up with cement in other tanks. Outside Paint.

PARTICULARS OF WATER BALLAST.—State whether the Double bottom is constructed on the cellular system or with girders on floors.
