ed to be held

This vessel has been laid up for the past two years at Vancouver.
In September last the Vancouver Surveyors stated that they had
aired of the Owners as to whether they wished the notation "Laid up
ding survey" to be considered or whether they proposed withdrawing
vessel from class as they had done with other vessels of their fleet.
reply the Owners stated that they wished the class to be maintained
they were endeavouring to sell her.

Action was accordingly deferred for further information.

The sale of the vessel has now fallen through and she is
laid up indefinitely at Vancouver.
