

## POSTPONED SURVEYS

he s.s.s. "LADY ALEXANDRA" No. 16858 in R.B.

1924-5 Tonnage 1396 Owners

Port of Registry

due Special Survey due 10,53  
Boiler Survey due 6,53

d to be held

In reply to enquiry the Vancouver Surveyors state that this has been laid up at their port for the past eighteen months and the Owners request that the above surveys might be deferred pending a decision as to the ship's future.

The Surveyors add they have asked the Owners whether they propose a Notation of 'Laid up pending Survey' to be considered or whether they propose withdrawing the vessel from classification as they have with other vessels of their Fleet.

The attached letter has now been received intimating that the vessel is for sale and requesting that her class might be maintained.

Surveyors' recommendations
