QUESTION.

With reference to your report No.7957 and to the entry in the Special Reasons List, I shall be glad if you will ascertain and let me know what arrangements the Owners propose making for 30 fathoms of chain cable to be supplied.

L.R.

Date:— 6th June, 1950.

The Owners' Superintendent states that this ship has never been equipped with more than 180 fathoms of 1-3/8" chain cable. It is submitted that this should be verified from British Corporation records as the vessel is employed only in the British Columbia Coastal Service.
