

POSTPONED SURVEYS

Case of the S.S. "NANG SUANG NAWA" No. 206

Built 1920-10 Tonnage..... Owners.....

Class..... Port of Registry.....

Surveys due Boiler Survey due 1.54.
Last docking date 1.53.
(Screwshaft Survey due 7.54)
Boiler repairs.

Proposed to be held.....

Remarks On the 29th March the Bangkok Surveyors stated that the Owners
not making any arrangements to repair or renew the defective boiler as
owing to the age of the vessel the cost would not be justified. In th
circumstances, it was thought that she would be offered for sale as s
Action was deferred pending further information.

A further letter has now been received from the Bangkok Survey
intimating that the Owners are asking for offers and trying to sell th
vessel as scrap but so far only very low offers have been received. In
the circumstances, the Owners do not intend to carry out any further
surveys.

The Surveyor adds that he will again communicate when the vessel
has been disposed of.

Chief Surveyors' recommendations.....
