Tugs "ARTHUR BEMELMANS"  
and "VIVI"

The previous history of these cases will be found in an endorsement dated 18th August last.

The Committee, however, were not satisfied with the steering chains of the "VIVI" and declined to assign any Special Survey notation until the renewals had actually taken place.

We had written to the Antwerp Surveyors on the 3rd August regarding the other tug "ARTHUR BEMELMANS", but all efforts to proceed further have been unsuccessful.

The cases are submitted for consideration.
