Classn.(S) Enclosure

Dear Sirs,

Twin Screw Motor Tankers "ISLAS MALVINAS"  
and "ISLAS ORCADAS"

I send herewith a copy of a letter dated 11th instant received from the Society's Surveyors at Buenos Aires, and shall be glad if you will state the circumstances leading to the exchange of the telegrams quoted in this communication, as there is no information in this Office regarding any reinforcement of the forward bulkhead of the main pump room.

An early reply is desired.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,

GOTHENBURG.
