Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

20th December, 1938.

Dear Sir,

T.

I am in receipt of your letter of the 6th instant with regard to the account for \$969.06 which has been outstanding in your books since the 12th March last in respect of the survey during construction of the Auxiliary Schooner "VENTURE".

I note that Mr. Bennett has been in correspondence with the Department of National Defence on the subject of this account, and that you have periodically been in touch with Mr. C.B. Smith, who was appointed Trustee when the Meteghan Shipbuilding Co. Ltd., the builders of this vessel, got into financial difficulties, in the same connection. I note further that Mr. Smith is at present out of town, but that you will again get into touch with him on his return and advise me of any developments which may have occurred.

I am, Dear Sir,

Yours faithfully,

T. Moon Esq.,

HALIFAX.
