29th January, 1946.

Dear Sirs,

m.v. "EMPIRE FORTH"

S.

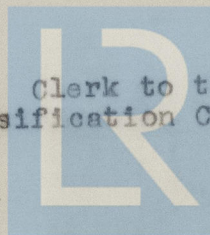

The Committee have today had before them the report of survey held on this vessel at Hull July/October last from which it is noted she was then seen in drydock and that a General Examination was carried out with a view to the issue of a Trading Certificate.

The recommendation that a notation of "Examined L.R. 10,45" valid for 12 months be assigned has been confirmed but in view of the fact that the screwshaft was not drawn for examination, it is considered that this shaft should be examined at the next drydocking and the notation has been assigned on this understanding.

Yours faithfully,

Clerk to the  
Classification Committee.
