ANSWER.

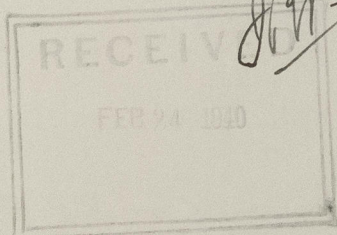

With reference to your letter of the 28th September last, I shall be glad to learn how this case stands as regards the carrying out of the Screwshaft Survey.

You will also be so good as to let me know what steps the Owners propose taking to have the Boiler Survey, which became due at the end of November last, carried out.

Date:— 1st March 1940.

These Surveys are stated to have been attended to in the Shimonoseki district in November last.
