Dear Sirs,

S.S. "AKAMAS"

With reference to my letter of the 17th June, I shall be glad to learn if you are yet in a position to let me know what arrangements are proposed to be made for the Metalock repairs to the Main Engine bedplate to be examined this month.

I would point out that the Main Boiler Survey became due at the end of last month, and it is concluded that this inspection will be dealt with at the same time as the machinery condition of class.

Yours faithfully,

Clerk to the  
Classification Committee
