QUESTION

As it would appear that this vessel has not been seen in drydock by the Society's Surveyors since April, 1954, I shall be glad to learn what arrangements are proposed for the necessary inspection to take place.

Chas

Wm. G. G. G.

ANSWER

Date:—14th December, 1955.

This vessel is being used as a depot ship in the Port of Antwerp, and the Owners request whether, in the circumstances any mitigation of annual dry docking requirement could be given.
