Dear Sirs,

RJS

I duly received your letter of the 23rd instant quoting an extract of one you have received from the Owners of the motorship "NAN YANG".

In reply I shall be glad if you will inform them that the Committee cannot take undue account of chartering commitments as a plea for postponement of a Special Survey beyond the year of grace, and in this instance they are quite unable to agree to any postponement of the Special Survey beyond the expiration of the year of grace in December next.

If desired, however, they would be prepared to grant six weeks extension of load line certificate until the end of December, subject of course to the vessel being submitted to Load Line Renewal Survey at some convenient time before the expiration of the present load line certificate on the 13th November next.

Yours faithfully,

Clerk to the  
Classification Committee

The Surveyors,  
HONG KONG.
